## Amendments to the claims

This listing of claims replaces all prior versions, and listings, of claims in the application.

## Listing of claims:

1. (Currently amended) An azo compound represented by the following formula (1) or a salt thereof, or a copper complex compound of the azo compound or the salt thereof:

[Formula 1]

wherein one of R1 and R2 each independently represents a sulfo group and the other represents a carboxyl group, a methyl group or a methoxy group, the bonding position of R1 is a para-position with respect to the azo group, a carboxyl group, a lower alkyl group or a lower alkoxyl group, R3 represents a methyl lower alkyl group, a lower alkoxyl group or an acetylamino group, R4-R6 each independently represents R4 represents a hydrogen atom, a lower alkyl group or an acetylamino group, a lower alkoxyl group or an acetylamino group, R5 represents a methyl group, R6 represents a methyl group or a methoxy group, and R7 represents a methyl group or a methoxy group, and R7 represents a hydrogen atom, an amino group located in the para-position in respect to the -NHCO- or a hydroxyl group.

## 2. (Canceled)

- 3. (Canceled)
- 4. (Canceled)
- 5. (Canceled)
- 6. (Currently amended) A polarizing film containing in a substrate of the polarizing film the azo compound or a salt thereof, or a copper complex compound of the azo compound or the salt thereof according to claim 1—any—one of claims 1—5.
- 7. (Currently amended) A polarizing film containing in a substrate of the polarizing film the azo compound or a salt thereof, or a copper complex compound of the azo compound or the salt thereof according to any one of claims 1-5 claim 1 and at least one of other organic dyes.
- 8. (Original) A polarizing film according to claim 6 or 7, wherein the substrate of the polarizing film is a film comprising a polyvinyl alcohol-based resin.
- 9. (Currently amended) A polarizing film according to any one of claims 6-8 claim 6 or 7, which is for liquid crystal projector.
- 10. (Currently amended) A polarizing plate having the polarizing film according to any one of claims 6-9 claim 6 or 7.
